DW390 Features

- Blades available for cutting wood, drywall, plastic and porcelain blocks
- Long life, low vibration double blade system with blade break of less than 3 secs
- Ergonomic design and rubberised handles for superior handling and less fatigue
- Easy to use rapid blade changing system reducing downtime
- Magnesium housing for lower weight and excellent durability
- Lock off switch and blade brake for added safety
- Two saw blades running in opposite directions so the material will not move while cutting
